WINNIE DAVIS

Technical Product Coordinator

Abuja, Nigeria | Davisbeulah07@gmail.com | +234 813 353 7828

PROFESSIONAL SUMMARY

Technical Project Coordinator with 3+ years of experience supporting remote product teams on live platforms. Skilled at turning product ideas into clear requirements, tasks, documentation and test plans, and at keeping designers, engineers and non-technical stakeholders aligned. Hands-on technical background in React, Next.js, TypeScript, REST APIs and SQL, which makes communication with engineering teams practical and precise.

CORE SKILLS

Coordination: Requirements gathering, task breakdown, sprint and timeline tracking, stakeholder communication, progress reporting

Documentation & Testing: Technical documentation, acceptance criteria, manual testing, bug reporting, QA follow-up

Tools: Trello, Asana, Notion, ClickUp, Slack, Zoom, Google Meet, Google Workspace, Microsoft Office, Figma, GitHub

Technical: React, Next.js, TypeScript, REST APIs, Git, SQL, Python (foundational), Power BI

PROFESSIONAL EXPERIENCE

Deotechnological (Remote)

Project Coordinator March 2026 – Present

ServiceDey, a live service marketplace used by real customers and artisans (Remote)

- Coordinate product delivery with backend developers, designers and stakeholders across onboarding, user access, gallery management and subscription features.
- Translate product requirements into clear tasks and acceptance criteria, and follow each one through development, testing and release.
- Align with backend developers on API requirements, data flow and feature timelines to keep work unblocked.
- Test features before release, document bugs with reproduction steps, and track fixes to closure.
- Maintain technical documentation and share regular progress and issue updates with technical and non-technical team members.

Frontend Developer2024 – Present

- Build and maintain scalable web applications using React, Next.js, TypeScript and Tailwind CSS.
- Work with designers and backend engineers to deliver responsive, user-friendly interfaces and optimise performance across browsers and devices.
- Contribute to technical documentation and knowledge sharing across the development team.

Project Coordinator | ODDfund (Crowdfunding Platform)2026

- Coordinated the build of a crowdfunding platform covering authentication, campaign creation, Paystack-integrated donations, real-time updates and media uploads.
- Broke the product scope into manageable tasks, tracked progress and kept feature requirements documented.
- Tested user flows end to end and reported issues clearly to the development team.

Frontend Developer (Contract) | Mently2025

- Contributed to an EdTech platform connecting mentors and mentees through one-on-one mentorship, courses and virtual classes.
- Built mentor onboarding workflows, profile and expertise management, banner customisation and role-based access control using React, Next.js, TypeScript and REST APIs.
- Implemented real-time profile updates and improved usability across mentor and learner experiences.

Frontend Developer | Fairsure2024 – 2025

- Developed responsive web interfaces for a payment technology platform and contributed to component library development.
- Integrated third-party APIs, improved cross-browser compatibility and managed code with Git.
- Reduced page load times by 30% through code refactoring and lazy loading.

Frontend Developer (Contract) | Resolutio Art2023

- Contributed to a Web3 digital art platform focused on artwork authentication and ownership verification using blockchain technology.
- Built responsive interfaces for art discovery and authentication workflows, and integrated wallet-based authentication.
- Worked with designers and backend engineers to deliver secure, user-friendly experiences.

HSE / Administrative Intern | NNPC2019

- Assisted the manager with daily tasks across the clinical laboratory and Health, Safety and Environment (HSE) departments.
- Supported hazard inspections and hazard analysis, and helped prepare reports on findings.
- Maintained documentation and routine administrative records, keeping information accurate and organised.
- Followed established procedures and worked with staff to meet safety and reporting standards.

EDUCATION & CERTIFICATIONS

BSc Microbiology, University of Port Harcourt

Microsoft Data Analyst Associate (PL-300), Coursera / Microsoft (In Progress)

SQL for Data Analysis, Udacity (2026)

Full-Stack Web Development Certificate, Earlycode (2022)
